

GIRL SCOUT OVERNIGHTS

explore TCMU after dark

TCMU offers Girl Scout Overnights throughout the year. Check out our website for up-to-date information on overnights currently offered. Troops may also book an overnight with TCMU for a customized experience – TCMU will work with you to create workshops based on desired badges:

- A minimum of thirty scouts is required for overnights at TCMU
- One adult is required per five scouts
- Each overnight includes snacks, workshops, museum play, and breakfast
- \$30/scout and \$5/adult

Contact TCMU at any time during the year to book your workshop:

Call or email Jessica Hayes: 864-553-7903 or JHayes@TCMUupstate.org

GIRL SCOUT WORKSHOPS

Learn and play at TCMU

TCMU offers workshops on an ongoing bases for your troop to book:

- Each workshop includes museum admission for the day
- Each workshop is one hour long to meet some badge requirements- *badge not included*
- One adult is required per five scouts
- A minimum of eight scouts per workshop is required
- \$10/scout and \$8/adult

Contact TCMU at any time during the year to book your workshop:

Call or email Jessica Hayes: 864-553-7903 or JHayes@TCMUupstate.org

See reverse side of flyer for workshop options.

GIRL SCOUT WORKSHOPS

Daisies

Daisy Robotics: Daisies explore coding and robotics using technology at TCMU.

Outdoor Art Maker: Daisies explore the art surrounding the museum and create their own nature-based art.

Sunny's Story: Daisies explore the story and make murals like an artist.

Lupe's Story: Daisies explore the story and practice being honest and fair with unique TCMU games.

Clover's Story: Daisies explore the story and practice using resources wisely through hands-on art.

Rosie's Story: Daisies learn ways they can keep the Earth beautiful after reading the story.

Tula's Story: Daisies read the story and identify what it means to be courageous by creating their courageous animal.

Making Choices: Daisies explore our unique Finances for Family lessons to learn about making smart choices.

Brownies

Brownie Robotics: Brownies explore coding and robotics using our hands-on technology.

Outdoor Art Creator: Brownies explore the art surrounding the museum and create their own nature-based art.

Home Scientists: Brownies explore safe and exciting science experiments in our most popular workshop.

Senses: Brownies explore their senses through engaging activities related to seeing, smelling, tasting, touching and hearing.

Bugs: Brownies check out TCMU's bug collection in this science- and art-based workshop.

Household Elf: Brownies explore our talkin' trash exhibit and identify engaging ways to be clean and green.

Making Games: Brownies explore how our Fun and Games exhibit was created before making their own games.

Inventor: Brownies get private time in our Spark!Lab Invention space to learn about and start inventing.

Painting: Brownies get private time in our art studio to learn about exciting ways to paint.

Potter: Brownies explore our favorite projects from our popular Play-in-Clay program.

Snacks: Brownies explore our farm-to-table Seedlings restaurant before creating their own healthy snacks.

Juniors

Junior Robotics: Juniors explore coding and robotics using our hands-on technology.

Outdoor Art Explorer: Juniors explore the art surrounding the museum and create their own nature-based art.

Entertainment Technology: Juniors explore our Animation Station and have private use of our Studio.

Flowers: Juniors explore a variety of flowers and participate in a make-and-take project.

Musician: Juniors explore the world of music while having private use of our musical exhibit – Garage Rocks.

Drawing: Juniors explore the world of drawing in this artistic workshop.

Jeweler: Juniors learn fun and engaging ways to create their own jewelry.

Gardener: Juniors explore our Seedlings space and find out about unique gardens before planting their own seeds.

Simple Meals: Juniors have access to our What's Cookin' Kitchen to create their own meals.

Detective: Juniors participate in detective work in this popular and exciting workshop.

Cadettes

Outdoor Art Apprentice: Cadettes explore the art surrounding the museum and create their own nature-based art.

Trees: Cadettes explore science of trees, see some around the museum, and create their own artistic tree art.

Budget: Cadettes explore our popular Finances for Family curriculum to learn how to create a budget.

New Cuisine: Cadettes explore our Seedlings Restaurant before working together to create a regional dish.

Eating for You: Cadettes explore our farm-to-table restaurant to learn about healthy eating habits in hands-on ways.

Media Journey: TCMU offers one time workshops or 6-week sessions for the Media Journey. Scouts utilize our Studio and Media Literacy curriculum to learn the importance of awareness in media.

Make your own workshop!

We can build a workshop centered on another badge or theme your troop wants.

Afterschool Programs

Additionally, TCMU can build six-session afterschool programs to help with any Journey your troop is working on.
